Film “Most Holy Trinity, I adore You profoundly!”

This year, when the Apparitions of the Angel at Fatima are specially recalled, the Shrine produced a film to recall the events and the message of the messenger of God to men. In this film we walk through the sites of the Apparitions of the Angel at Fatima in 1916; family and work life at the beginning of the XX century is recalled; and the main protagonists of the time, when God reveals Himself to mankind through the Angel of Peace, are highlighted. This audiovisual work was titled “Most Holy Trinity, I adore You profoundly” because that is the theme of the current pastoral year. The film intends to make known the invitation of the Angel of Peace for our time, through a reading that is timely and mobilizes the people’s attention to the Message of Fatima. The text is written by journalist Henrique Matos and it is produced and realized by Logomédia. The film, in Portughese, is available for sale at the Bookstore of the Shrine of Fatima (15€).
