“We left home quite early, expecting that we would be delayed along the way. Masses of people thronged the roads. The rain fell in torrents. [...] On the way, the scenes of the previous month, still more numerous and moving, were repeated. Not even the muddy roads could prevent these people from kneeling in the most humble and suppliant of attitudes. We reached the Holm oak in the Cova da Iria. Once there, moved by an interior impulse, I asked the people to shut their umbrellas and say the Rosary. A little later, we saw the flash of light, and then Our Lady appeared on the Holm oak.” / *Memoirs of Sister Lucia I*. 16th ed. Fatima: Secretariado dos Pastorinhos, 2007, p. 182.
