Shrine of Fatima

Live broadcasts

The Shrine of Fátima has two live broadcast channels operating continuously and simultaneously. These enable pilgrims to follow the various celebrations throughout the day and to soak up the atmosphere on the prayer area.

What you can see

The ‘Chapel of the Apparitions’ live stream broadcasts continuously from this most iconic spot at the Shrine of Fátima, both during and outside of celebrations, showing the statue of Our Lady of Fátima.

The ‘Shrine of Fátima’ live stream allows you to attend the daily Mass at 11.00 am and, at other times, to experience the atmosphere of the prayer area, accompanied by the characteristic sounds of the site: the ringing of bells and the singing of the birds.

How to access the live streams

Both live streams are available:

– on this page of the Shrine of Fatima website, in the windows above this text

– on the Shrine of Fatima’s channel on YouTube:

Other broadcast channels

On the Shrine’s Facebook page, the following services are streamed live every day:

– the 11.00 am Mass

– the Rosary at 6.30 pm

– the Rosary at 9.30 pm

During the annual pilgrimages, from May to October, on the night of the 12th to the 13th and on the morning of the 13th, the services are broadcast live on all the platforms mentioned above: the website, YouTube and Facebook.

The pilgrimages in May, August and October are also broadcast on one of these two Portuguese channels: RTP or TVI.
