SHRINE OF FATIMA

Pope Francis Youth Space

Pope Francis Youth Space

Encounter with God, with oneself and with others through the message of Fatima: this is what Pope Francis Youth Space intends to provide for young people, who are the main living and dynamic force of the Church, and for whom this place was conceived and created.

Pope Francis, whose testimony inspires this place in a way that his name was given to it, challenge the young Christians to have a life characterized by the responses to the interpellations of God, who calls for a bond with himself and the brothers, characterized by the "gaze of Christ, full of love "(Message to young people on the occasion of World Youth Day 2015). The Lady of the Rosary invites us to this look, which makes us see ourselves and the others according to God, the God-love.

Pope Francisco Youth Space is located in the Avenue John XXIII; it is intended to welcome youth groups that wish to have meetings of reflection, retreats and training activities in the context of the deepening of the message of Fatima, with their own program or one proposed by the Shrine of Fatima.
