Shrine of Fatima Applications (apps)

Shrine of Fatima Official

Shrine of Fatima institutional application for the pilgrims support

PT | EN | FR | IT | ES | PL | DE

The application *Shrine of Fatima Official*, for mobile devices (smartphone and tablet), is available free of charge on the App Store, Google Play Store and Windows Store, with versions in the seven official languages in the Shrine. This application includes a guide to visit the places, assistance for prayer, access to schedules and the Shrine's events.

The Applications requires a login creation, which will allow access to some customizing settings, specifically the schedule and events subscription, for personal scheduling, and the respective notifications settings. Nevertheless, the user who doesn't wish to login can still experience almost all of the application features.

Shrine of Fatima MyEyes

Shrine of Fatima Official application for the support of blind pilgrims

PT

The *Shrine of Fatima My Eyes* application first objective is to help blind people to experience the Shrine of Fatima space with great autonomy. It is free of charge and it is available in the App Store and Google Play Store.

Any person with visual impairment and a smartphone Android or iOS, when entering the Shrine spaces will receive relevant information about it: the place description, practical indications for dislocation and position finding of usable spaces (information, WCs, etc.), the Pilgrim Itinerary, which the person with visual impairment can experience almost autonomously, and also The Way of the Cross in the Shepherds Way.

Fatima, a Story filled with light

Interactive book for children from 3 to 8 years old

PT

Available in the Google and Apple stores, this interactive book, designed for children from 3 to 8 years old, helps the younger to discover how a story filled with light happened in Fatima, and whose main characters are three little children to whom Our Lady appeared. The application allows to choose the most suitable option according to the user's interest, whether it is the reading, the listening or simply the tactile interaction with the characters in the book. It is also available in this application a memory game created from images related to the history of Fatima.

The Little Shepherds Game

Board Game for children from 4 years old

PT

The Little Shepherds Game is meant to children from 4 years old and it is available on Google Play Store and App Store. The goal of the game is to reach first the Heart of Jesus, the centre of the “board”. The players choose the character they will play with – Lucia, Francisco, Jacinta or a little boy –, they write their own name and initiate the game by throwing the dice. It can be played by 4 players at once. Each player, in its turn, according to the instructions the game provides, launches the dice and follows the path throughout Cova da Iria, moving forward the number of squares shown by the dice.
