Songs of Fatima

The sounds of Fatima are part of a heritage that carries us to the Shrine as a place where faith is shared. With the celebrative strength of the songs of Fatima, pilgrims and devotees of this Shrine express their commitment to the event and the message that the place carries and to the Lady of the Rosary, bearer of this message of hope and mercy. To sing to the rhythm of Fatima is to unite the voice to the voices of so many that, with time, found in this Shrine a maternal place which welcomes and gives expression to the culture of a people.
