

Summer courses of the Shrine of Fatima

1st edition | Introduction to the phenomenon of Fatima

July 14-15-16, 2016

John Paul II's Hall | Paul VI Pastoral Centre

Summer courses of the Shrine of Fatima, which were prepared thinking on the researchers who wish to study Fatima, take place annually and aim to bring closer the scientific community to the most important religious phenomena in the history of the contemporary world. In the year in which cross-cutting thematic and the approach to the phenomenon are addressed, follows a year that is intended to be more monographic and during which one can deepens, for example, the protagonists' biographies with one hundred years of history.

In 2016, the course aims to give an introduction to the phenomenon, trying to raise awareness of the most important issues related to Fatima.
