Prayer Area

Developing from the praying experience that the thousands of pilgrims, in the Prayer Area of the Shrine of Fatima will be living on the night of the 12th May 2017, the façade of the Basilica of Our Lady of the Rosary of Fatima will gain a new special light that will turn into narrative, which evokes the meaning of Fatima throughout 100 years, allowing that, with an innovating audiovisual presentation, through the technique of 3D *video mapping* before the eyes of the pilgrims of today passes the memory of the historical and spiritual milestones related with the message that the Virgin Mary, coated in the

light of God, transmitted in Cova da Iria. Through the light spectrum and under the title *Fatima – Time of Light* the presentation will conduct the pilgrim to live an intimate experience, of retreat, and an experience of aesthetic and prayer contemplation.

Six scenes, under the titles “Mary shows the light of God”, “The triumph of the Immaculate Heart”, “Celebrating Faith”, “The paths of Fatima”, “A future of Peace”, “Fatima time of Light” and “The Recollection” will body an audiovisual production that will project the light of Fatima in the heart of every believer, so that by the Heart of Mary, the human heart will come even closer to the Heart of God.
